for guaranteed delivery before
Christmas

*SELECTED NON BESPOKE PIECES ONLY. DELIVERY GUARANTEED BY 23RD DECEMBER.

Autumn's Best Seller

This Autumn we have seen a huge variety of furniture go out into the world. Everything from the dainty yet popular Winton Desk Clock, to grand dressing rooms and country home boot rooms. After all this, the best seller for the Autumn season 2107 was the Hawke Media Unit. Released on the 18th of August, the Hawke media unit gained immediate attention and popularity. Due to the beautiful craftsmanship and wonderful design, it has decor the centrepiece of Studio Locus.

We look forward to making many more, and keep the brilliant and quirky bespoke alterations coming. We are seeing fantastic results when we team up with our design minded clients.

Christmas Order Deadline

Guarantee delivery of your hand made furniture by placing your order online, by phone or by email by the **4th of December**. Due to the varying manufacture times of our furniture, some pieces may available to order closer to the big day. Simply get in contact with us to find out if we can get your order to you in time for a special Christmas before you order.

We promise, hand on heart, to work as hard as we can to get every single piece out to you as soon as we can. However, maintaining exceptional standards and creating exquisite furniture takes time.

We are all very excited about the festive holidays here at Studio Locus and we will be pouring that excitement and enthusiasm into our work. So make sure you get your order in before the 4th of December and you may get an early Christmas present to show off to your friends and family.

Local Talent

An exciting new project has begun at Studio Locus, a truly stunning piece which will be released during Spring '18.

Among many awe inspiring details, this piece will feature a hand painted depiction of one of nature's most vibrant and colourful birds, the pheasant. This symbol of the countryside makes for an eye-catching piece of artwork and we are proud to see it complimenting our work so brilliantly.

As fortune would have it, we found a local artist, Lucy, who works with a fabulous group called the "Harvison Signsmiths". Through their fantastic instagram feed (@harvison_signsmiths) and their Etsy Page, this group hand paint beautiful signs of good will that would perk up a restaurant wall as well as your living room.

Future Releases

Due to our annual influx of chaos approaching the festive season, we have not released any new furniture. However, plans and prototypes are well underway leading up to 2018's new releases.

Details such as the quirky dovetails pictured below and the stunning hand painted pheasant pictured left are just a couple of example of the elements we plan to bring together next year. Make sure you follow us on instagram and facebook to keep up with our amazing work.

Merry Christmas,

Lots of love,

The Studio Locus Team
